THE FIITJEE

Journey

FIITJEE was created in 1992 by the vision and toil of Mr D. K. Goel, a Mechanical Engineering Graduate from IIT, Delhi. We had a very humble beginning as a forum for IIT-JEE with a vision to provide an ideal launch pad for serious JEE aspirants. Along the way to the realisation of this vision, we went beyond merely coaching for IIT-JEE. We actually started to make a difference in the way Students think and approach problems. We started to develop ways to enhance Students' IQ. We started to leave an indelible mark on the Students who have undergone FIITJEE training. We started changing lives. And all of this was not a sheer coincidence. It was the urge, the compelling desire, to always aspire for perfection and in the process, continuously keep on setting newer benchmarks of excellence, which enabled us and our Students to achieve what we have achieved. Today, aiming for the unachievable and continuously raising the bar has become a part of the FIITJEE DNA.

The Success of our Students was inspiring and so was their faith in FIITJEE. It was this faith that was a catalyst for our venturing into areas beyond IIT-JEE. It was this faith, that prompted us to embark on a mission to provide **Wholesome School Education** to Students through FIITJEE Integrated School Programs like **UDAYA Plus, SUPREME & PINNACLE**, in a way, so that there was no need for any type of coaching outside the School System. In addition to the launch of **FIITJEE Junior Colleges in Bhubaneswar, Hyderabad, Vijayawada & Visakhapatnam**, many like-minded Schools across the Country joined hands with us in this Student-centric endeavour to create Ideal School Education platform for Students to get admission in IITs & US Universities without stress & tension along with huge success in Olympiads, SAT-I & SAT-II. And it was this faith only that again enabled us to create a landmark success in NTSE.

And it is this very faith that has again inspired us to provide a platform for Students aspiring for admission to US Universities in the form of **USA UnivQuest** – a comprehensive program taking care of all aspects of the preparation – in the same old, trusted FIITJEE way. The launch of **FIITJEE World Schools at Hyderabad** was a concentrated effort in that direction, where Students are being trained for the best in the world through methodologies and practices that are truly world Class. Students in other selected cities will also have an opportunity for preparing for admission to US Universities through USA UnivQuest School Integrated Programs to be run in collaboration with our Select Associate Schools.

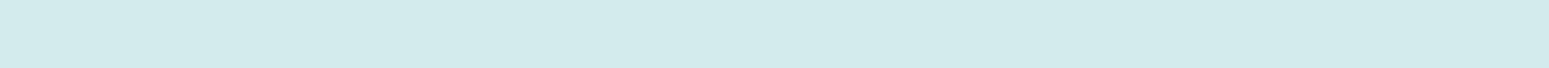

“ This Journey from just an IIT-JEE Coaching Institute to the most powerful brand in serious education has been exhilarating. However, the Journey is not over yet. For us at FIITJEE, The Journey will never be over...

For us, this Journey itself is the destination.”

Mr. D. K. Goel

Why FIITJEE?

Essence of FIITJEE Being a True Guru

The Essence of a True Guru is what FIITJEE believes in and we have always tried to emulate this Essence by incorporating it within Our System.

A True Guru connects with his disciples with both, his mind & his heart. He / She guides his disciples to imbibe knowledge as per their calibre and help them develop the indispensable skills like Perseverance, Dedication, Attention to detail, Tenacity & Compassion. He / She shows them the Right path while keeping them away from the wrong one. A True Guru devotes his entire life towards the holistic development of his disciples and Empowers them to face challenging situations in life, fearlessly. A True Guru always strives to set an excellent example in front of his disciples and is forever remembered for his selfless act of improving & enriching the lives of his disciples.

Like A True Guru, who is not just a mentor, but an Inspiration for his disciples, FIITJEE has always aspired to inspire its Students and the society at large. Since 1992, we have been preparing Students to not only get admission in prestigious IITs but, also for Life Long Excellence. FIITJEE has always considered guiding & helping the Students towards taking the Right Steps in their preparation for IIT-JEE as its foremost duty.

It is the emulation of this very essence of a True Guru that has led FIITJEE to become the only Institute of Real Substance for IIT-JEE preparation in the Country. And, Our Standout Features are a result of the same.

Our Value System

Whatever we think, We Say & whatever we say, We Do. We present to you, what we actually are.

We strive to instil the values of Truth, Transparency & Commitment along with Dedication & Sincerity among our Students. These values and virtues play a pivotal role in attaining success in all vistas of life, be it becoming an Entrepreneur, an Administrator, a Follower, a Spiritual Guru or a Politician. Reared with these traits, it is but natural that we not only produce highly successful Students but also good Sons, good Daughters, good Future Fathers & Mothers and good Citizens.

FIITJEE Value System
revolves around

TRUTH, **TRANSPARENCY** &
COMMITMENT

The Quality

We Never compromise on Quality. Our penchant towards assuring quality is evident in our activities, in all our actions, at all times, everywhere.

○ Best Faculty

Every institute for IIT-JEE training worth its name tries to get a FIITJEE faculty. We are the only institute that follows such strenuous, strong, systematic & objective selection and training process before a teacher becomes a FIITJEE faculty. FIITJEE has a large pool of very competent, full-time faculty members; ensuring you get highly effective teachers for all your subjects throughout your academic studies.

○ Pattern-Proof Teaching Methodology

FIITJEE has always been preparing Students in a fundamental way. FIITJEE has been teaching in a comprehensive manner so that Students do well in IIT-JEE (irrespective of the pattern), Boards, NTSE, KVPY, Olympiads and Other Engineering Entrance Exams. For many years, our Students have been securing admissions in the top 10 US Universities where admission is based on the performance at School + Last Board Exam and SAT-I, SAT-II, AP Exams & TOEFL.

The Testing pattern of IIT-JEE also keeps on changing but the key aspect of the test is to judge the analytical ability of the aspirants along with the understanding of fundamentals.

Students having sound understanding of fundamental concepts & practising varied types of problems will always outperform the Students who confine their preparation to the exam pattern only, rather than understanding the concepts.

○ Comprehensive Study Material

The fact that every publisher / institute refers to our Study Material & JEE Solutions while creating their books / solutions / study material, is a testimony to our quality. There is a bit of FIITJEE in everyone associated with IIT-JEE, be it Students, coaching institutes or publications. Ask any Student who got success in IIT-JEE & explore the truth yourself. Our Study Material is Pattern-Proof i.e. Students are well-prepared for the IIT-JEE irrespective of the dynamic exam pattern.

○ Enabling Infrastructure

We strongly believe in the fact that the environment in which a Student studies is equally important for effective learning. We ensure our Students study in an enabling environment equipped with proper Classrooms to keep them stress-free.

○ Personalized Coaching

Individual attention is given to every Student irrespective of one's standing in the merit at any point of time. We never increase our batch size beyond a limit, this facilitates proper Student-Faculty interaction. Our faculty is always willing to clear doubts of Students even individually, if required. Our focus is better results through conceptual clarity and constant support instead of increasing the batch size.

The Winning Methodology

Our winning Methodology equips the Students to creatively resolve complex & tricky problems by improving and sharpening their analytical skills & parallel thinking process. We develop & share the right strategies from time to time to optimise the Students' output.

○ Physics, Chemistry & Mathematics are integral components of Our Students' DNA

At FIITJEE, Physics, Chemistry & Mathematics are not taught as mere subjects. These are made an integral part of our Students' intellectual anatomy. Here, our Students don't just solve questions rather they fight, play, understand and most importantly, enjoy these subjects to the very core. This is the single most important reason why our Students have taken, the world by storm. Whether these are our very own IITs, NITs or for that matter, World Class Institutes like MIT, Princeton or Harvard, our Students have proved their mettle across the globe.

○ Students' IQ level gets enhanced significantly

FIITJEE has always laid emphasis on developing the Intelligence Quotient (IQ) along with the Analytical Ability of its Students through a systematic and structured way. We guide our Students to read, analyse and understand a question and then apply the best technique to solve it. This automatically develops the ability to think out of the box amongst the FIITJEE Students.

○ We Instil Curiosity & Confidence In Our Students

At FIITJEE, we encourage Students to ask How & Why. We transform them into inquisitive individuals. As a result, FIITJEE Students are always curious about challenging things and want to get to the root of the matter. This enables them to understand things in a better way.

○ Students learn the true meaning of Competition

At FIITJEE, Students learn their first lesson on cut-throat competition which they will face in their life ahead. At FIITJEE, we teach and prepare them in a way to make them understand the problem and guide them to resolve it based on its merit. In fact, we make them stronger through series of Tests, Feedback & Discussions and transform them into more Evolved & Matured individuals. We empower them with the ability to Self Analyse, Assess & Diagnose their performance and to iron out the lee ways in their preparation and emerge as a true competitor in every sense.

○ Our Students' domination in various Competitive / Scholastic Exams

FIITJEE Results over the years are a testimony to the effectiveness of our Winning Methodology which has been the driving force behind our Students' extraordinary achievements. Whether it is about producing an Overall World Topper in International Jr. Science Olympiad or an All India Topper in National Level Scholastic Exams like KVPY (Kishore Vaigyanik Protsahan Yojana) or an All India Topper in ISC & CBSE Board or bagging Medals in International Olympiads, FIITJEE's Students have always proved their mettle.

In IIT-JEE, FIITJEE has been producing the highest number of selections in the country since 1998. FIITJEE Students have also been Numero Uno in NTSE (National Talent Search Examination), both at the National & State-level.

Innovative Programs & Concepts

Innovation is the essence of FIITJEE. PINNACLE, SUPREME & UDAYA Plus Programs are already revolutionising school education in India. We are the pioneers in designing a specific IQ Test to test the temperament and potential of a Student for JEE Advanced. The Student's score in this test helps us to judge his / her potential in the beginning itself along with the level of input required for his / her success. This makes our Classroom Programs exceptionally effective, as we know in advance, the unique level of input needed for each Student. FIITJEE is the only institute in India that has the capability to predict the most accurate Rank Potential Index (RPI) of a Student & constantly encourage its Students to emulate them. Apart from Classroom / Integrated School Programs, FIITJEE has also made unique innovations in the field of Online Test Series by launching myPAT, another invaluable tool for getting Success in various Competitive / Scholastic Exams viz. JEE Advanced, JEE Main, BITSAT, KVPY & NTSE. This Online Test Series is focussed upon enabling Students to learn through Assessment, Analysis, Identification of Knowledge Gaps & Remedy options available for the same.

The Total Success Approach

Even though our programs aim at JEE Advanced, we also prepare Students comprehensively for KVPY, SAT, Olympiads, NTSE and all other important Engineering Entrance Exams including JEE Main / BIT-SAT / VITEEE / CET (Karnataka) / CET (G.G.S.I.P. University) / BVP (Pune) / EAMCET (Andhra Pradesh) / KEAM (Kerala) / UPSEE / CG PET (Chhattisgarh) / RPET (Rajasthan) / BCECE (Bihar) / WBJEE (West Bengal) / AMUEEE / J&K CET / JCECE (Jharkhand) etc.

Research & Development

Our Research and Development team works round the clock to ensure that our teaching methodology, study material and course structure is constantly updated. This committed team keeps a keen eye on the latest developments and changes in the JEE Advanced, JEE Main, other prestigious Engineering Entrance Exams / Olympiads / NTSE / KVPY and swiftly incorporates them into our course curriculum.

Why **FIITJEE**?

FIITJEE's Unique Innovations in the field of IIT-JEE Preparation...

Transparent Selection Process

We are the Innovators & Creators of Transparent Selection Process for Students appearing in our Admission Test to join a FIITJEE Classroom / Integrated School Program. Our selection criterion is fair & transparent whereby, Students are selected on the basis of the merit of their performance in our Admission Test, and not through a first-come-first-serve basis. They are also given the option of Challenging the Answer Key by displaying their OMR answer sheets; which is highly unique for any Coaching Institute in the Country.

Integrated School Programs

We are the Innovators & Creators of Integrated School Programs like UDAYA Plus, SUPREME & PINNACLE. We were the first to recognise the need for an integrated study program for the Students that combines the Competitive / Scholastic Exams Preparation with the School Curriculum to ensure success in both. Our Integrated School Programs reduce the extra burden on the Student as the Competitive / Scholastic Exams Preparation is done within the School Schedule thereby, giving the Student ample time for self-study.

Specific IQ Test

We are the inventors of the Specific IQ Test to test the Temperament & Potential of a Student for IIT-JEE. Till now, we are the only Institute that can successfully predict a Students' Rank Potential Index (RPI) & relate it to his / her future Potential Rank in IIT-JEE & various other exams.

Uniquely Designed Performance Analytics

We are the Innovators & Creators of Performance Analytics which is given to the Students through myPAT- The Online Test Series. myPAT focuses on Analytics using intelligent data metrics to review a Student's performance. Such Analytics empower Students by capturing their performance metrics like Time Management & Speed while attempting the tests and map their Exam Temperament & readiness. The tests are bifurcated into Learn Mode & Test Mode which further enhances learning. The Analytics are provided in the form of graphical illustrations covering various aspects of performance – relative as well as absolute, productivity in terms of concept, and proficiency span in terms of chapters.

The scope of Improvement is measured scientifically in order to give a correct understanding of what action or remedial measures will give maximum benefit.

Grand Masters Package (GMP)

We are the Innovators & Creators of India's only Crash Correspondence Course, Grand Masters Package (GMP)

Computer Based All India Test Series

We are the Innovators & Creators of All India Test Series (AITS) And even today, Our AITS (now being conducted in CBT mode) is the only test series of Real Substance in the entire Country.

Test Analysis Sessions

We are the Innovators & Creators of Test Analysis Sessions of All India Test Series (AITS). This reality check analysis help Students to know their strengths and weaknesses.

Major FEATURES

of Classroom and Integrated School Programs

FIITJEE Classroom and Integrated School Programs are unique as they ensure the best possible result depending upon the basic potential of the Student and his / her ability to work hard.

The methodology developed by us and which is followed in our Classroom and Integrated School Programs for JEE Advanced preparation lays emphasis on making the Students imbibe the fundamental concepts of Physics, Chemistry & Mathematics and on sharpening their analytical skills and parallel thinking process.

This enables them to creatively resolve complex and tricky problems by mere application of basic concepts. FIITJEE has been experiencing that the IQ level of the Students is raised significantly in the process.

Integrated SCHOOL PROGRAMS

(Not-for-Profit Initiative)

FIITJEE Integrated School Programs are a dream of FIITJEE team to bring renaissance in the Indian Education System and we try to move towards Ideal School Education. Being a private initiative at highly subsidised course fee, the seats for all integrated school programs are limited.

Our Integrated School Programs have the capability to help Students of Class VII, VIII, IX, X, XI & XII to achieve - Overall Academic Excellence in Class X & XII Boards, State level science & scholarship tests, NTSE, JEE Advanced, JEE Main in a single system within regular school hours. Thus, bringing in tremendous focus & reduction in undue stress.

What is an Integrated School Program ?

- A study program with a synergistic approach to both the School / Board studies as well as JEE Advanced, JEE Main, Other Engineering Entrance Exams preparation.
- A program that will prepare Students extremely well not only for JEE Advanced, JEE Main & Other Engineering Entrance Exams but also for School / Board exam as well.
- A study plan that will ease out the pressure of time (or the feeling for the lack of it) for the Student, unlocking lots of extra time, giving enough time for self-studies, which a Student would not have got otherwise and also giving him/her sufficient time for co-curricular activities, sports, social activities etc. which are equally important for his/her personality development.
- A program that eliminates the negative pressure on the Student.

Integrated School Programs (Not-for-Profit Initiative)

Benefits to the Students

- Students enrolling in these programs will have an integrated study plan.
- The studies for both School / Board as well as JEE Advanced, JEE Main will be controlled & executed by FIITJEE.
- This would mean that the Student would not be going through two separate schedules & Classes for the same subject.
- Complete Lab & other support will be provided to the Students.
- Integrated School Programs would provide thrust for the Students to participate in co-curricular activities, sports, social activities etc which are very important for their personality development.

FIITJEE & the Associate School will also aim for :

1. Developing Proficient Communication skills with confidence in every Student.
2. Inculcating Sports / Exercises as a discipline for Physical Fitness of life for each Student.
3. Improvement of Memory & IQ, Mental, Physical & Spiritual well-being, Awareness & growth with intensive Yoga & Meditation for all Students.
4. Instilling Indian Culture & Values in each Student, not to learn these as History & Geography but learn to base their lives on it.
5. Developing important personality traits (Focus, Effective Communication, Leadership Ability, Determination, Strategic Planning, Pro-active Approach, Handling Failures, Stress, etc.) & Positive Attitude required for success. (This is what corporate sector tries to teach employees who are 25 - 55+ years of age and they hardly respond to changes required).

LITTLE GENIE

One Year
Foundation Program

www.fitjee.com/genie.htm

This Program aims at raising the IQ / Mental Ability of the Students to a level that is 2 years ahead of time. It will also develop the Logical Thinking of the Students, required for achieving success in various Competitive / Scholastic Exams including JEE in the future. In addition, this program will also guide the Students to approach Science & Mathematics in an objective manner which will eventually enable them to solve complex numerical programs while ensuring that Biology is the integral part of this program.

Success is never defined in an absolute sense. It is very much a subject of the relative performance. Children need to imbibe the spirit of competitiveness from an early age and start preparation for major milestone achievements, well in advance in order to avoid stress and anxiety at a later stage. The Program Trains a Student for Overall Logical Thinking and Scientific Aptitude at an early age thereby Transforming his / her academic life. This is the time when a Student Encounters Change in Academic Methodology from the text based Academics in Class V to a Matured Academic Life in Class VI and Beyond...

Parents will be able to notice substantial difference in the analytical skills and IQ of their little ones with this program.

Kotla Venkata Raghavi

I am K.V Raghavi of FIITJEE WORLD SCHOOL, Hyderabad. I qualified for NTSE Stage-I, 2019. I got 184 marks out of 200 in stage-I and topped the list of Telangana. I am happy for this achievement. My school and teachers helped me a lot for this phenomenal success. Teachers gave me tremendous encouragement. They helped me a lot to face the hurdles boldly. The exams conducted in our school boosted me up to take the actual exam. They helped me in identifying my strengths. My teachers also suggested many books which helped me in improving my knowledge. I was awarded state 1st in NTSE.

I concentrated mainly on MAT as it plays key role in NTSE. As FIITJEE concentrates on all subjects equally I was able to perform well in NTSE. Many extra classes were conducted and I learnt many concepts in them. My teachers made me solve many model papers and previous year question papers through which I understood difficulty level of the paper. I would like to thank the institution, FIITJEE that helped me for outstanding performance. I remain grateful to FIITJEE forever.

IDEAL SCHOOL EDUCATION

...is one where you do not have to make choices. Choices between performance in Boards and Competitive Exams. Choices between academics and extracurricular activities. Choices between learning and rote learning. And most importantly choices between enjoying education and not being stressed by it.

Ideal School Education is one with a holistic approach that is comprehensive, so that there is no need for any sort of coaching / tuitions / supplementary support services outside the school education. Where the goal is not just securing good marks in the Board exams but also not neglecting other areas like competitive exam preparation etc. while pursuing this goal. And where the child is able to deliver his / her best in both – boards as well as competitions – that too by having to go through a single system of learning. Where the extracurricular activities are in consonance with the overall objective of wholesome education – preparing Students for global careers as well as enabling them to conduct their lives in a much desired, honest, ethical and truthful manner.

TRULY COMPLETE IDEAL SCHOOL EDUCATION @ FIITJEE WORLD SCHOOL

Providing wholesome education & preparing Students for life long excellence

Nurturing and developing thinkers and opinion makers

Grounding them in solid Indian Value Systems

Focusing on essential life skills & ethics – enabling Students to lead a better life

Giving a platform to Students for global careers

FIITJEE World Schools at Hyderabad are affiliated to SSC Board – Telangana (till Class X) and Inter Board (Class XI / XII).

ENHANCING IQ AND RAISING COMPETITION

Cult Metamorphosis Test (CMT) & MAT, English, Biology, Social Studies & Computer Science (MEBSCOM)

Our weekly objective test (based on micro-scheduled teaching during that week) helps children in continual learning and grading where the child is not burdened just before the exam to learn many things.

Thus a Student in FIITJEE World School is NEVER unhappy or tensed about any exam as learning is a constant UPGRADING, ENRICHING, and ENTHRALLING experience.

Formative Assessment (FA)

This is our month end exam which is based on the month long learning of the child in different subjects. This is a Subjective Paper designed to hone the writing skills of the child.

Visual and Performing Arts as a medium of Relaxation

Arts of different mediums in our Schools (Painting, Music, Dance) is for relaxation so that they improve Students' classroom performance. They are forms of giving an output to their parallel medium of communication.

Games like Spell-O and Chess are introduced to keep their concentration sharp

On an everyday basis we have Yoga and Meditation classes which helps children to relax and concentrate better in their classes

Inter-House Competitions

The Schools are divided into four houses wherein, at regular intervals, competitions like Debates, Declamation, Quiz, Dancing, Singing, Theatre, Bulletin Board etc. are being conducted.

EXTRA CURRICULAR

Creating Global Indian Citizens

Recognizing the fact that Schools need to play a proactive role in nurturing and developing personalities and preparing the Students as global citizens with a strong grounding in Indian Value system, FIITJEE World Schools aim for:

1. Developing Proficient & Confident Communication ability in each & every Student.
2. Inculcating Sports / Exercises as a discipline for Physical Fitness throughout the life in each Student.
3. Improvement of Memory & IQ, Mental, Physical & Spiritual well being, Awareness & growth with intensive Yoga & Meditation for each Student.
4. Instilling Indian Culture & Values in each Student, not to learn these as History & Geography but learn to base their lives on it.
5. Developing personality traits (Focus, Effective Communication, Leadership Ability, Determination, Strategic Planning, Pro-active Approach, Handling Failures, Stress, etc.) & Positive Attitude required for success. (This is what corporate sector tries to teach employees who are 25 - 55+ years of age and hardly respond to changes required).

5 Key Features of FWS-Target 200 Program

- A unique academic program that offers the best of Indian & US curriculum. The Students are enrolled to study for Indian Board Examinations. The US curriculum is ensured through the Advanced Placement Tests. This would enable a Student to apply to both Indian and foreign universities. Currently, Students from International Boards like IB, IGCSE, etc. find it difficult to gain admission in Indian universities.
- Emphasis is on overall personality development of the child. Students will be trained in English communication and debating. Students will also be encouraged to participate in other activities, designed to develop a spirit of competition and team building.
- Compulsory teaching of an International Foreign Language. Knowledge of a foreign language builds cultural sensitivity apart from providing a crucial advantage for those seeking to work in MNCs.
- Special Programs like "Mentor Directed Study Program", "Senior Independent Research Program" & "Summer Programs Abroad". These programs encourage Students to think independently and develop academic rigor in their subject of interest.
- Special preparation for application and entry into Top 200 Universities of the World. This includes preparation for SAT, SAT Subject and Advanced Placement.
